

DaVeda June Graham has been a nurse for over 13 years and a nurse practitioner for 6 years. She moved to Delco from Philadelphia in 2016. Her primary focus in healthcare is the underserved population and bridging gaps affecting patients in today's healthcare systems. Her formal training is in primary care and public health.

Says DaVeda, "I love to educate patients and young nurses. I formed Nurses United for Change and Equity a mobile vaccine unit providing vaccines in Delco since 2012, with the goal of a nurse led clinic to continue to provide care to the residents of Delco."
