

2022 Community Champion: Sun East Federal Credit Union

Founded in 1949, Sun East Federal Credit Union (<https://suneast.org>) is a full-service, not-for-profit financial institution serving the savings, borrowing, investing, and virtual banking needs of more than 52,400 members, over 1,200 employers, and multiple other organizations in Pennsylvania, Delaware, and New Jersey.

Support of local charitable and community outreach initiatives is fulfilled by Sun East Federal Credit Union and also through the Sun East Foundation, which supports local non-profit organizations in the Greater Brandywine Valley that promote education; health and human services; and natural, cultural and historic preservation.

Since 2003, Sun East has presented “People Helping People” awards to local students, recognizing them for their community service and involvement. In 2009, Sun East expanded these awards to include adult students from Delaware County Literacy Council (DCLC). Every year since, one DCLC adult student has won the “People Helping People” award, which includes a monetary prize.

Sun East has also supported DCLC by providing Financial Literacy classes for students and by generously sponsoring the Champions of Adult Literacy event for over 13 years.

Both Sun East Federal Credit Union, and the Sun East Foundation support the local community through charitable giving, partnering, and volunteering.

DCLC salutes Sun East for its commitment to the local community and for its support of our adult literacy students.
